Kyle Turk  
Turk Construction  
31 Ocean Reef Drive, Suite A301  
Key Largo, Florida 33037

Dear Kyle,

Building our house with Turk Construction has been the best construction experience Bill and I have ever had. We have been involved in six renovations, addition or reconstruction projects and I can say, without hesitation, that your team is exceptional.

At the beginning of our project I requested a construction schedule, anticipating that I would need to hold your feet to the fire. You were always on, or slightly ahead of, schedule. We never suffered a delay while waiting for materials; everything was ready when it was needed.

Your employees show a real pride in their work that is, unfortunately, unusual today. They worked towards the best possible result and it shows in the finished product. Everything is beautiful.

Miguel and all the Cepada's were a pleasure to work with; they are gentlemen as well as master craftsmen. Jennie was fantastic: she ran this job like the pro that she is. I have tremendous respect for her abilities. Tommy very quietly took care of business and didn't miss a thing. Tom V helped me through the budget and billing, not an easy thing, and he made me laugh.

Someone said to me recently; if you like your contractor at the end of the job, that is really saying something. I couldn't agree more.

It has been a real pleasure working with you.

Sincerely,

A handwritten signature in black ink that reads "Sarina Kinney". The signature is written in a cursive, flowing style with a large, elegant flourish at the end of the name.
